About MST-2017

This Workshop to provide a technical platform for discussion among researchers in the broad area of Manufacturing Science & Technology. It will help the leaders in industries and academia to formulate the long term research goals in the area of manufacturing, particularly innovative manufacturing processes, equipment, new quality initiatives and strategies to enhance respective process capabilities while taking into

account impacts on industrial ecology. A diverse group of individuals from both academia and industry will come together to discuss the future design, manufacturing and quality engineering challenges and research needs from industrial perspective.

About The Department

Mechanical engineering is the broadest of all engineering disciplines. A degree in Mechanical Engineering from G.C.R.G. is ideal preparation for starting a career in auto motives, aerospace, building, process, medical and naïve industries. We strive to train our students in mechanical engineering sciences as well as application of these scientific methods to conceive, organize and carry out scientific design of engineering system.

The Department has always been supported by highly qualified faculty members with a wide range of expertise in Thermal Engineering, Production Engineering, Machine Design, etc. Our innovative teaching and cutting edge research make us one of the leading mechanical engineering departments in the region.

About G.C.R.G Lucknow

Since G.C.R.G. Memorial Trust's Group of Institutions is one of the growing Technical & Management Institutes in Lucknow, Uttar Pradesh (INDIA). We are one of the very few educational institutes that has a truly global outlook and very wide infrastructure. Since 2009, G.C.R.G. Group has been committed towards creating an exceptional learning experience and providing its students with unparalleled experiences and opportunities. We give total commitment to quality and excellence in our academic pursuit. Apart from all the academic courses, we not only strive to groom our students by providing them with professional training and grooming sessions but also broadens their mindset and creates positive attitudes. The entire outlook of the college is 'placement' oriented. G.C.R.G. Group takes pride in its ability to attract the maximum corporate footfall within its campus compared to all the colleges in the Lucknow region. G.C.R.G. Group of Institutions is approved by AICTE Govt. of India and affiliated to Uttar Pradesh

Technical University (Dr.A.K.T.U) and Lucknow University.

Workshop on Manufacturing Science and Technology-17

The poster features a collage of images related to manufacturing: a robotic arm, a car chassis, a mechanical assembly, and a close-up of a mechanical part. The text on the poster includes the logos of G.C.R.G. Group of Institutions and Dr. A.P.J. Abdul Kalam Technical University, U.P. Lucknow. The main title is 'WORKSHOP on Manufacturing Science & Technology'. Below this, it says 'Organised by Department of Mechanical Engineering' and 'Nov. 3-4 - 2017'. The venue is listed as 'G.C.R.G. Group of Institutions, Parvatpur, Chandrika Devi Road, Bakshi Ka Talab, Lucknow'.
